JJN - Student Code of Conduct 2024-2025

A specific code of conduct for students to support these expectations is as follows:

J. J. Nearing (JJN) Behaviour Philosophy

J. J. Nearing strives to provide a safe, nurturing, engaging learning environment that recognizes the unique gifts and inherent value of each student and staff member. As a Catholic school, our philosophy of discipline reflects Gospel values. For us, this means that we will treat members of our school family as Jesus did and we believe in the principle of reconciliation.

At J. J. Nearing, we have behaviour expectations that align with the Division Administrative Procedures, as well as value and belief statements. We know that a school-wide approach to positive behaviour (as outlined in “Supporting Positive Behaviour in Alberta Schools) is strongly supported by research to increase student achievement and provide students with a sense of wellbeing and confidence. Staff at JJN make use of effective instructional strategies, positive reinforcement, and consistent logical consequences to teach students the skills and behaviours necessary to succeed now and in the future.

JJN uses the STARS acronym as a framework with the students when talking about and teaching the behavioural expectations:

*S for Safe and caring
T for Teamwork
A for Accountability
R for Respect
S for Success*

A school-wide approach to positive behaviour effectively promotes a safe, caring and predictable environment for learning and teaching. Throughout the year, the behavioural expectations will be consistently and clearly communicated to students. As a way to reinforce these expectations, staff will focus on creating opportunities to teach positive behaviours in a class, small group or on an individual basis. By embracing, modeling and teaching core values, we can create a school climate in which behavioural expectations are a natural extension of a belief in treating each other fairly and respectfully.

A positive behaviour approach provides reinforcement and rewards when students meet behavioural expectations; As well as to provide support and/or fair consequences for unexpected behaviour. Examples of corrective consequences are: corrective feedback, participating in self-reflection activities, communication with parents, removal or withdrawal of preferred activities, making restitution, problem solving sessions, and office referrals.

Communication between home and school is an essential component of any behaviour approach. Please look for any related information that will be shared in newsletters, through parent council and at assemblies.

Student Code of Conduct

At J. J. Nearing we focus much of our efforts on fostering a school climate where all our students can attend school in a safe and caring environment. The school will establish a culture of respect for the God given dignity of all who participate within it and pursue the common good of everyone, as we build a community of faith, hope, and love through the example of Jesus Christ. This means we will take any bullying or harassment seriously and actively work towards a positive resolution. Students have the responsibility to report to an adult within the school (or to their parent/guardian) any act that is known to be planned, is about to take place, or has happened by a student or students that would create harm to others. As well, please inform us immediately if you are concerned about your child.

This code will be reviewed for its effectiveness in meeting Division expectations annually.

Please note that Section 32 of the *Education Act*, specifies the following reminder for parents:

A parent has the prior right to choose the kind of education that shall be provided to the parent's child, and as a partner in education, has the responsibility to:

- a) act as the primary guide and decision-maker with respect to the child's education,
- b) take an active role in the child's educational success, including assisting the child in complying with section 31,
- c) ensure that the child attends school regularly,
- d) ensure that the parent's conduct contributes to a welcoming, caring, respectful and safe learning environment,
- e) co-operate and collaborate with school staff to support the delivery of supports and services to the child,
- f) encourage, foster and advance collaborative, positive and respectful relationships with teachers, principals, other school staff and professionals providing supports and services in the school, and
- g) engage in the child's school community.

The School values your participation within our school community to support the safety, well-being, and success of all our students.
